FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Division of Liquor Control** state there are currently no liquor licensees that exhibit motion pictures. Therefore, this proposed legislation does not impact the revenue the Division will collect. Also, any cost associated with the implementation of this proposal can be absorbed through existing appropriations.

Officials from the **Office of the State Courts Administrator** and the **Office of the State Public Defender** state this proposal would not fiscally impact their respective agencies.

Officials from the **Office of Prosecution Services (OPS)** state this proposal creates a new misdemeanor, but costs to prosecutors should not exceed \$100,000. However, passage of numerous provisions creating crimes could have a cumulative effect.

Oversight assumes the number of violators of this proposal would be minimal, and therefore, assume the OPS could absorb any additional costs resulting from this proposal with existing resources.
